Relaxation of Sanctions on Iran - Rolls-Royce plc Exploring Business Opportunities with Potential Iranian Customers

**Originator:** Dan Garnon **Job Title:** Head of Export Control – Civil Aerospace **Business Unit:** Civil Aerospace NTS Number: 387 Issue: 1 Date: 13<sup>th</sup> May 2016

## For the attention of Managing Director and Quality Manager

Dear Sir or Madam,

## Scope/Applicability:

All suppliers to the Civil Aerospace gas turbine supply chain.

### Introduction:

Following the recent relaxation of sanctions on Iran, Rolls-Royce plc is exploring business opportunities with potential Iranian customers. We are considering opportunities for the sale of aero engines, parts and components and associated services for wide-body, narrow-body, regional and commuter aircraft. All interactions and transactions will conform with the US Office of Foreign Assets Control (OFAC) Statement of Licensing Policy relating to commercial passenger aircraft and the licensing policies of other countries including the United Kingdom and Germany. Delivery to Iran of Rolls-Royce supplied goods and services will only be completed under cover of appropriate export authorisations. In order to secure any necessary authorisations Rolls-Royce may be required to seek supporting information from suppliers.

### Action Required:

If you have any questions regarding these business activities please contact Dan Garnon, Head of Export Control – Civil Aerospace at Rolls-Royce plc: <u>daniel.garnon@Rolls-Royce.com</u>
