

## Rolls-Royce Siemens NX Software upgrade

**Originator:** Rachel Temperton  
**Job Title:** Engineering Improvement Specialist  
**Business Unit:** Digital Product Definition

**NTS Number:** 432  
**Issue:** 1  
**Date:** June 2018

For the attention of the Quality Manager.

**Dear Sir or Madam,**

**Scope/Applicability:**

To all suppliers of the Rolls-Royce Aerospace Supply Chain (Civil & Defence) using **Siemens NX** software.

**Introduction:**

Rolls-Royce will be deploying an upgrade to their Siemens NX software from **NX version 9.0.2** to **NX version 11.0.2**. Implementation is planned for Quarter 4, 2018.

After deployment, if a supplier works with a version older than NX 11.0.2, they will be unable to open NX files received from Rolls-Royce.

NX files sent to Rolls-Royce in a version older than NX 11.0.2 will remain readable.

Awareness material will be available via the Rolls-Royce NX Partners Portal as the project progresses, including the latest configuration pack.

Please check for announcements on the Site which may be accessed by the link below:

[Rolls-Royce NX Partners Portal](#)

**Action Required:**

If your organisation uses Siemens NX software, please ensure you have access to the Rolls-Royce NX Partners Site.

If you do not have access, please contact [Plm.Programme.Team@Rolls-Royce.com](mailto:Plm.Programme.Team@Rolls-Royce.com) by **31<sup>st</sup> July 2018** and provide the supplier name, a point of contact and an e-mail address.

If you do not use Siemens NX software, no action is required.
