Coronavirus (COVID-19) Cleaning

Originator: Mary Lee Gambone
Job Title: Head, Materials Engineering, Defense
Business Unit: All

NTS Number: 492
Issue: 1
Date: 28th March 2020

For the attention of the Managing Director.

Scope/Applicability:

All Rolls-Royce suppliers

Dear supply partner,

Rolls-Royce is aware that due to the current COVID-19 pandemic our suppliers may have instituted extraordinary cleaning practices in their facilities, including deep cleaning of processing equipment.

Please be aware that it is important for the safe operation of our components and engines that no cleaners that are not approved by Rolls-Royce come into contact with any of our components, engines, sub-assemblies, tooling, fixtures, or containers.

Please ensure that all your employees are aware that common industrial or household cleaners, were they to contact our products, may pose a threat to their safe operation, and that only those cleaners formally approved by Rolls-Royce technical authorities are acceptable for use.
