

Notice to Suppliers

RRES 90009 - Requirements for Design and Development Activities

Originator: Sandra Wrobel
Job Title: Chief of Audits & Compliance
Business Unit: ET&S/Engineering Quality

NTS Number: 625
Issue: 1
Date: 15 March 2025

For the attention of Engineering Managers and Engineering Quality Managers

Scope/Applicability:

All Rolls-Royce suppliers/partners who are contracted to supply Design & Development Activities in accordance with SABRe/GS3001.

Dear Supplier/Partner,

Introduction:

RRES 90009 is the Specification that defines the Requirements for Design and Development Activities carried out on behalf of Rolls-Royce in the supply chain. This specification has been updated to Revision P to incorporate changes for suppliers to all Rolls-Royce Business who work in accordance with SABRe.

Action Required:

All Suppliers within the Scope/Applicability above should access the new revision via the Global Supplier Portal and familiarise themselves with the changes to ensure their Design Management Systems meet the requirements within the specification.

Any questions or concerns regarding access to this specification or its applicability should be forwarded to your usual Rolls-Royce point of contact.
