

# Notice to Suppliers

## Procurement and Supply Chain Leadership Update

**Originator:** David Thomas  
**Job Title:** Technical Assistant  
**Business Unit:** Procurement

**NTS Number:** NTS 647  
**Issue:** 1  
**Date:** March 2026

*For the attention of all supplier partners to Rolls-Royce*

**Scope/Applicability:** all Rolls-Royce suppliers

**Dear Supply Partner,**

As part of our ongoing transformation, Rolls-Royce is strengthening its Procurement and Supply Chain leadership to build a competitive, resilient, and sustainable supply chain, while remaining scalable for future growth. Central to this ambition is closer partnership with our supply base to deliver measurable value and long-term performance across the value chain.

To support this, a new executive role, Group Chief Procurement and Supply Chain Officer, has been created, with Martin Thomsen appointed to lead the function at Group level. In Addition, Heather Ostis has also joined as Aerospace Chief Procurement Officer, reporting to Martin.

There are no changes to existing supplier points of contact.

Martin and Heather are looking forward to further strengthening our supplier relationships as we drive sustainable improvements together.
