

Notice to Suppliers

Supplier Obligations of the German Supply Chain Act

Originator: Isabelle Dierks
Job Title: Legal Counsel
Business Unit: General Counsel

NTS Number: 571
Issue: 1
Date: 27/03/2023

For the attention of Managing Director

Scope/Applicability:

All Suppliers to Rolls-Royce Deutschland Ltd & Co KG

Dear Supply Partner,

Introduction:

To comply with the new German "Law on Due Diligence of Businesses to Avoid Human Rights Violations in Supply Chains", we must ensure that no human rights or environmental obligations are violated along our supply chain. These new legal requirements apply from 1 January 2023 and make the implementation of extensive compliance measures urgently necessary. Therefore, in addition to any existing supply agreements, the parties agree on a special agreement ("Special Agreement RRD Suppliers" and the attached "SCA Code") based on the latest legal and regulatory requirements.

Please visit the Rolls-Royce Global Supplier Portal at suppliers.rolls-royce.com to find the "Special Agreement RRD Suppliers", with the "SCA Code" as Appendix A, by navigating to Supplier Documents > Terms of Business or from the Homepage > Terms of Business > R-R Conditions of Purchase

Action Required:

Please take note of the "Special Agreement RRD Suppliers" including the attached Appendix A "SCA Code" and ensure that you comply with the obligations set out therein. We recognise that achieving a responsible supply chain will take time and effort and we expect that you take reasonable, good-faith steps toward this goal. Thank you for your co-operation and support.
