

Notice to Suppliers

Release of SABRe Civil, Defence and Electrical Aerospace Revision 4.1

Originator: Robert Starcke
Job Title: Head of Supplier Quality
Business Unit: Civil, Defence and Electrical Aerospace

NTS Number: 591
Issue: 1
Date: 11 December 2023

For the attention of Managing Director and Quality Manager

Scope/Applicability:

This NTS applies to all Suppliers or Partners who supply to Civil, Defence and Electrical Rolls-Royce Aerospace contracts / purchase orders.

Dear Supply Partner,

Introduction:

SABRe Edition 4 was issued in July 2021 to acknowledge and embed AS13100 as the body of Rolls-Royce's supplier requirements and to define the remaining Rolls-Royce specific supplier requirements.

Since then, and in response to feedback from the Rolls-Royce global Supplier network and Rolls-Royce employees, improvements have been made to clarify, simplify and focus Supplier requirements appropriately.

These improvements include:

- Incorporation of Electrical Aerospace
- list of software platforms where Rolls-Royce interface is required has been incorporated
- simplified Table 2 for approval requirements including classified parts approval
- Supplier Release Process (SRP) requirements extended
- Process Minimum Standard Assessment is required if requested for root cause of escape and occurrence.

SABRe Civil, Defence and Electrical Aerospace Revision 4.1 will be issued on the Rolls-Royce Global Supplier Portal (GSP) <https://suppliers.rolls-royce.com> on the 1st of January 2024.

Suppliers or Partners providing product and / or services to Civil, Defence and Electrical Aerospace are required to comply to SABRe Edition 4.1 with immediate effect.

Action Required:

Aerospace Suppliers and Partners are required to:

- Review SABRe Civil, Defence and Electrical Aerospace Revision 4.1 and feedback questions to the appropriate Supplier Management Team
- Use the compliance self-assessments to address any compliance gaps
