

# Notice to Suppliers

## Cyber Security Requirements

**Originator:** Clare McBrearty  
**Job Title:** Supplier Cyber Security IT  
**Business Unit:** Group IT

**NTS Number:** 596  
**Issue:** 1  
**Date:** 15 January 2024

For the attention of the Managing Director

**Dear Supply Partner,**

### Introduction:

A change has been made to Rolls-Royce's **cyber security standards** for suppliers.

The **Rolls-Royce Baseline and Enhanced Cyber Security Standards** have been withdrawn and replaced by the **Rolls-Royce Supplier Minimum Cyber Security Standard**.

Rolls-Royce places great importance on protecting its information, and to operate Cyber Safe systems, services, and products for our customers. We depend on our suppliers to provide Rolls-Royce the same.

Collectively, it is our responsibility to maintain good standards of security and protect our businesses and customers from harm.

The **Minimum Cyber Security Standard** sets out the minimum or baseline security measures Rolls-Royce suppliers or third parties must implement and maintain for the protection of Rolls-Royce data on their systems, and for the provision of any services and/or goods to Rolls-Royce.

### Action Required:

All suppliers are to comply with the new **Rolls-Royce Supplier Minimum Cyber Security Standard** security measures applicable to your contract.

If any supplier is unable to comply then Rolls-Royce will agree with you in good faith a remediation plan to achieve the required protections to Rolls-Royce data, systems, services, and products. Rolls-Royce encourages suppliers to be open and transparent, so we can understand the cyber risks and take appropriate action to protect our businesses.

The Rolls-Royce Supplier Minimum Cyber Security Standard is incorporated into the Global Conditions of Purchase, and a copy can be found on the Global Supplier Portal under Supplier Documents > Supplier Training > Cyber Security Requirements.

If you require further information, please contact your buyer in the first instance or email [RRITSecurityCompliance@rolls-royce.com](mailto:RRITSecurityCompliance@rolls-royce.com) (using Subject Title: Minimum Cyber Security Standard).

Rolls-Royce appreciates your support and asks for your cooperation with this request.
