

Notice to Suppliers

New Mailbox for Method Verification/Fixed Process Approval Requests

Originator: Danish Rauf
Job Title: Digital Manufacturing Manager
Business Unit: Aerospace Procurement

NTS Number: 623
Issue: 2
Date: February 2025

For the attention of Quality Managers or similar roles

Scope/Applicability:

All Rolls-Royce Aerospace (Civil and Defence Product) OEM – New Manufacture suppliers only, excluding those supplying into Rolls-Royce Corporation (RRC) products/production lines.

Dear Supply Partner,

To streamline the consolidation of processes across our Civil Aerospace and Defence Aerospace External Supply Chains, we have established a dedicated mailbox for all Method Verification and Fixed Process Approval requests pertinent to non-RRC products/production lines.

Starting March 1, 2025, suppliers of non-RRC Civil and Defence Aerospace products will be required to submit all Method Verification and Fixed Process Approval requests to this dedicated mailbox:
RRUKMVASUBMISSIONS@ROLLS-ROYCE.COM

Suppliers are encouraged to consult with their Rolls-Royce Manufacturing Engineering representative prior to submitting a request, to ensure prioritisation and timely progression.

For Method Verification Approval requests on RRC products, the process remains unchanged. Please continue to submit Method Verification Approval requests via your Rolls-Royce North America Manufacturing Engineering Points of Contact.

Thank you in advance for your cooperation.
