

Notice to Suppliers

Changes to the Civil Aerospace Strategic Procurement Team

Originator: Warrick Matthews
Job Title: Chief Procurement Officer
Business Unit: Civil Aerospace Operations

NTS Number: 517
Issue: 1
Date: 7th November 2020

For the attention of the Managing Director

Scope/Applicability:

All suppliers within Rolls-Royce Civil Aerospace Operations.

Dear Supply Partner,

We have made a number of recent changes to our Civil Aerospace Strategic Procurement organisation to align our buying teams to a new Senior Vice President (SVP) structure. This structure will help us to align our suppliers better and will provide more insight for opportunity and collaboration in the supply chain.

What's Changed?

I'd like to make you aware of some senior level changes in the following categories:

Raw Material & Forming: **James Partington** has now taken up the role of **Senior Vice President in Raw Material & Forming**, replacing previous interim SVP Benn Godfrey. James joined Rolls-Royce in 2004 and has held numerous roles in Procurement and Civil Operations. He has held external supply chain leadership roles in Services, Rolls-Royce Deutschland and the Compressors Supply Chain Unit. Most recently James was the Manufacturing Executive for our Fan Blade Facility in Singapore.

Finished Components: **Djovana Manzi** has been appointed **Senior Vice President Finished Components**, replacing previous interim SVP Enes Oelcer. Prior to joining Rolls-Royce, Djovana was Head of Operations for Nissan Energy, where she oversaw quality, supply chain and manufacturing within Europe. Djovana built her career primarily within the automotive industry, working for Nissan and tier 1 suppliers for Volkswagen Group and Groupe PSA.

I have included an overview of my first line leadership team in the visual below.

	Warrick Matthews Chief Procurement Officer Tel - +44 7976 193310 Warrick.Matthews@Rolls-Royce.com
