

# Notice to Suppliers

## Defence Contracts – UK Ministry of Defence Security Controls

**Originator:** Nick Tabbenor  
**Job Title:** Supply Chain Security Assurance Manager  
**Business Unit:** Defence

**NTS Number:** 607  
**Issue:** 1  
**Date:** 16 April 2024

For the attention of Managing Directors and Security Controllers where applicable

### **Scope/Applicability:**

All suppliers working on or who have an aspiration to work on UK Defence related projects.

**Dear Supply Partner,**

### **Introduction:**

All suppliers sub-contracted by Rolls-Royce as part of UK Ministry of Defence contracts are required to demonstrate compliance with security controls, as directed in the following UK Gov. documentation; Government Functional Standard GovS 007; Security and Contractual process, May 2018.

Please see the 'Supplier Security Handbook 2024' which is hosted within the Global Supplier Portal under 'Downloads Associated with this NTS' which provides initial information regarding Government's personnel, physical, document and IT baseline security requirements and is intended to be used as a handrail to obtain further information relating to defence work.

### **Action Required:**

For information only.

### **NTS Category:**

General Information / Communication

### **Authorised by:**

Michael Allen MBE

Head of Defence Security & Resilience
