

Introduction of SABRe3 Control Systems supplemental document

Originator: Simon Miles
Job Title: Senior Supplier Quality Manager
Business Unit: Control Systems – Civil Aerospace

NTS Number: 434
Issue: 1
Date: August 2018

For the attention of the Managing Director and Quality Manager

Dear Sir or Madam,

Scope/Applicability:

To all Suppliers managed by Control Systems, Solihull, UK.

Introduction:

Control Systems, Solihull, UK are currently in the process of transitioning to the Rolls-Royce Management System which includes Aerospace SABRe Edition3. There are a number of requirements that Control Systems Suppliers must comply with over and above those called out in Aerospace SABRe3.

During this transition period there will be a supplemental document that lists the extra requirements until such a time that they are integrated into the main Aerospace SABRe3 document. This is expected to be completed by 2nd April 2019.

In addition there are a number of additional questions that must be included when suppliers carry out the SABRe self-assessment.

Both of these documents will be posted on the Aerospace SABRe section of the Rolls-Royce Global Supplier Portal

Action Required:

Ensure that the requirements in both Aerospace SABRe Edition 3 and the Control Systems, Solihull supplemental document are self-assessed and complied with.

NTS Category:

SABRe
